Walkthrough Biometric FaceTec – Ultimate

isha

FACE	MASK	RFID	Wi-Fi	TCP/IP	USB	ACCESS
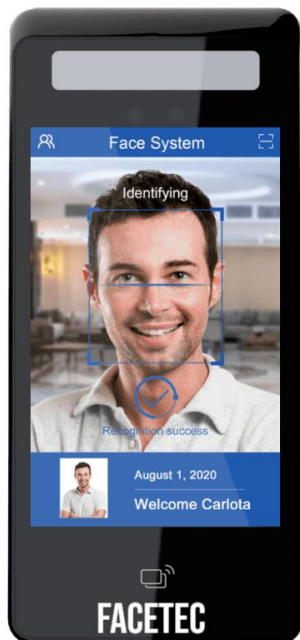

✍ Speedy Walkthrough Multiple Face Recognition

✍ Large 5" Touch Screen Display

✍ Dual AI Camera for Live Body Sensing

✍ Access Control features for integration with doors.

✍ High accuracy facial recognition rate of >=99.27% & Recognition speed of <=0.1s.

✍ Can recognize faces from a distance of 3 meters.

✍ Strong & sturdy IP54 metallic body. Also available Mild steel Powder coated external casing for added protection.

✍ Standard Battery backup of 2 hrs/24 hrs (optional)

Technical Specification		Communication	Wi-Fi / TCP/IP / USB
Power	12 VDC, 2A	Face Capacity	50,000.
Operating Temp	10°C ~ 50°C	Card Capacity	50,000.
Working Humidity	10%-90%RH	Log Capacity	10,00,000.
Dimension	190x90x20 mm	OS	Linux
		Processor	Dual Core ARM Cortex A7 @900MHz
Weigand o/p	Yes	FAR	0.0001%
Relay o/p	Yes	FRR	0.1%
Exit Reader	Weigand, Push Switch	Card Reader	125 KHz / 13.56 MHz (Optional)
Display	5" 1280x720p Touch Screen		
Camera	WDR AI camera for low light detection	Authentication Mode	Face, Card
Voice Instruction	English, Hindi
